Applicants petition in response to the Notice to Comply with Requirements for Patent Applications dated March 26, 2002 (copy enclosed herewith), with a two-month deadline of May 26, 2002, that pages 123 and 124 of the specification for the above-identified application were included with the original filed application.

Said Notice alleged that page 123 and 124 of the specification (description and claims) was omitted from the nonprovisional application papers filed on December 12, 2001.

Applicants submit that pages 123 and 124 of the specification were in fact included with the nonprovisional application papers and submit the attached Declaration of Sherry L. Jenkins and a copy of the specification (including pages 123 and 124) that was filed on December 12, 2001 in support of their position.
